

-Year 6 Legacy Gift-

2018 Fundraising Calendar

During Term 3, the year 6 students explored artworks by environmental artist Andy Goldsworthy. Working in small groups, the students were inspired to investigate Greythorn Primary's organic materials and interesting spaces to build their own unique sculpture. They used a digital class camera to capture their designs, thinking carefully about the perspective and angle of lighting in their photo.

A mock up calendar and prices will be left at the office for parents, students and teachers to look at. If you are interested in purchasing one, please leave your name and the quantity you would like to buy. This will give us an indication of how many we will need to order.

Kindest regards,
Kristina Danko & Year 6 students.
