

The students of IMH have been busy at work this Term!
Here are some things that we have been learning...

What's been happening in IMH during Term 1?

We have been practising spelling days of the week and months of the year using our finger gym stations!

We have been starting everyday with motivational quotes, brain teasers and daily themes to get our neurons all fired up and ready to learn! This also reminds us that each day is a fresh opportunity to learn.

We have been practising counting collections efficiently.

Here is us counting some coloured tiles and bears!

Good mathematicians can count collections quickly and that's what we are!
