

# 5SP Debates

**5SP & 5AN joined forces at the end of Term 2 to create debating teams. The students had recently gained experience in persuasive writing and took the next step in attempting to persuade an audience through public speaking and debating.**

**The students learnt a variety of techniques and put them to the test in a respectful & friendly environment which saw them discuss a range of topics.**

**These topics included smoking, culling sharks, movie classifications, cameras in classrooms, sport, honesty and animal testing.**
