

HERE ARE A FEW OF OUR FAVOURITE THINGS...

We love to write! We are starting to write lots of sounds now and are even using dotted thirds!! Sometimes we get to write in places outside the classroom like the friendship garden!

We love to read... we will read wherever we can!

We do meditation every day. It helps us relax after a long day of learning and also helps us stay focused on all the new things we are being taught.

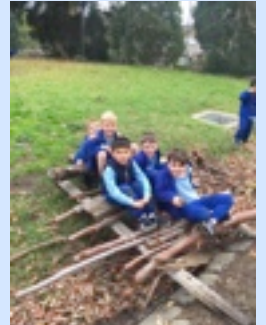

We LOVE craft in E27. It is heaps of fun being really creative... sometimes our classroom gets SO messy!

Maths is awesome! We know lots of different ways to count.

We loved our animal dress up day! We are looking forward to having more costume days.

This is our nature play area. We create some pretty cool things here and love getting our hands dirty.
