

Greythorn Primary School 2016 iPad Program

Getting started

Recommendations before you begin setup of your new iPad.

(For those with an existing iPad, skip ahead to Step 4 Restrictions Passcode Setup)

Step 1/

iTunes

Download and install the latest version of iTunes for PC via the following link.

<http://www.apple.com/au/itunes/download/>

Step 2/

Apple ID

(We recommend that you not link your credit card with your Apple ID – use Apple vouchers instead!)

To purchase and download from the iTunes Store, you'll need to have an **Apple ID**. If you have used other Apple services such as iCloud, the Mac App Store, or have purchased from the Apple Online Store, you can sign in to the iTunes Store using the same Apple ID. If you don't have an Apple ID, you will need to create one before you can begin using the iTunes Store.

Create a new Apple ID via this link.

Step 3/

Setting up your new iPad

In order for a consistent user experience within the classroom environment, updating to the latest version of **IOS 9** is strongly encouraged.

Connect your iPad to a Mac or PC using the syncing/charging cable and the setup process should commence automatically. The onscreen directions in Setup Assistant will then step you through the setup process, including:

- Connecting to a Wi-Fi network
- Signing in with or creating a free Apple ID
- Setting up iCloud
- Turning on recommended features, such as Location Services and Find My iPad

During setup, you can copy your apps, settings, and content from another iPad by restoring from an iCloud backup or from iTunes. See Backing up / Restoring iPad on page 129 of the the iPad Users guide.

For detailed instructions, refer to the iPad Users Guide
<http://support.apple.com/manuals/#ipad>

iCloud

iCloud (recommended)

With iCloud, users can store up to 5.0 GB of data such as media, apps* and iPad settings (at no cost) on Apple's remote computer servers for simplified wireless backup & restoration.

*Apps data is not counted as part of the 5.0 GB allocation.

Step 4/

Restrictions (Parental Control) / Passcode Setup

You can enable Restrictions, also known as Parental Controls, on an iPad to prevent access to specific features. Learn more about the types of Restrictions that are available, as well as how to enable or disable Restrictions on your device.

IMPORTANT NOTE:

The restriction passcode is not the same as the general iPad lock passcode. Parents will need to keep secret their 4 digit restriction passcode which limits access to Parental Control settings.

From time to time, teachers will require access to Restrictions in order to make necessary changes to particular Apps as the iPad Program progresses. Parents are therefore requested to provide their child's teacher with both the **main passcode** and the **restrictions passcode** for safekeeping.

(see form at the end of this document for further instructions)

Locate these settings by tapping **Settings > General > Restrictions** as follows:

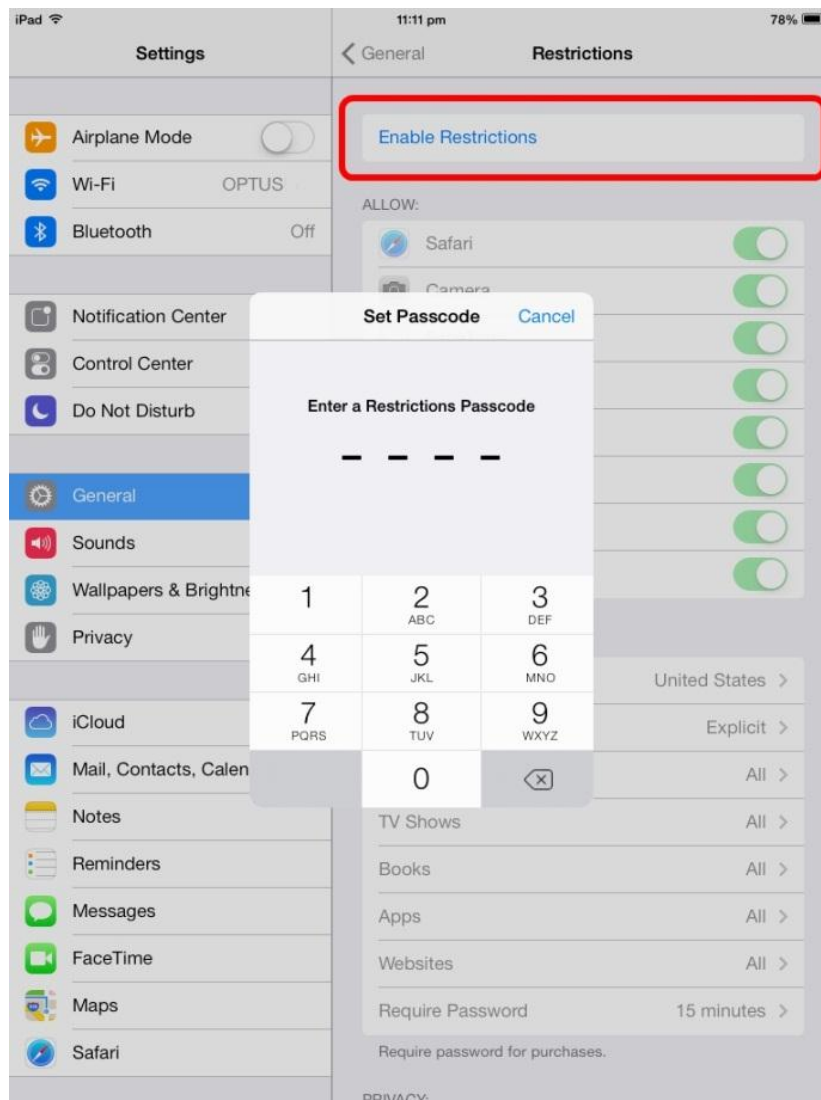

Greythorn Primary School 2016 iPad Program

Restrictions (Parental Control) / Passcode Setup – continued

Tap **Enable Restrictions** and enter a 4 digit passcode (you will then be prompted to enter code a second time). The passcode will be required to make changes to these settings or to disable restrictions.

Understanding Restrictions, you will find detailed information via the following link.

<http://support.apple.com/kb/ht4213>

Restrictions (Parental Control) / Passcode Setup - continued

Greythorn Primary School requires the following Restrictions (Parental Controls) be set in order to protect students from inappropriate content. These settings will be continually reviewed by the ICT Coordinator to maintain compliance with GPS ICT policies.

The image displays two screenshots from an iPad. The left screenshot shows the 'Settings' app with 'Restrictions' selected. The right screenshot shows the 'Restrictions' settings page. Red boxes highlight the following configurations:

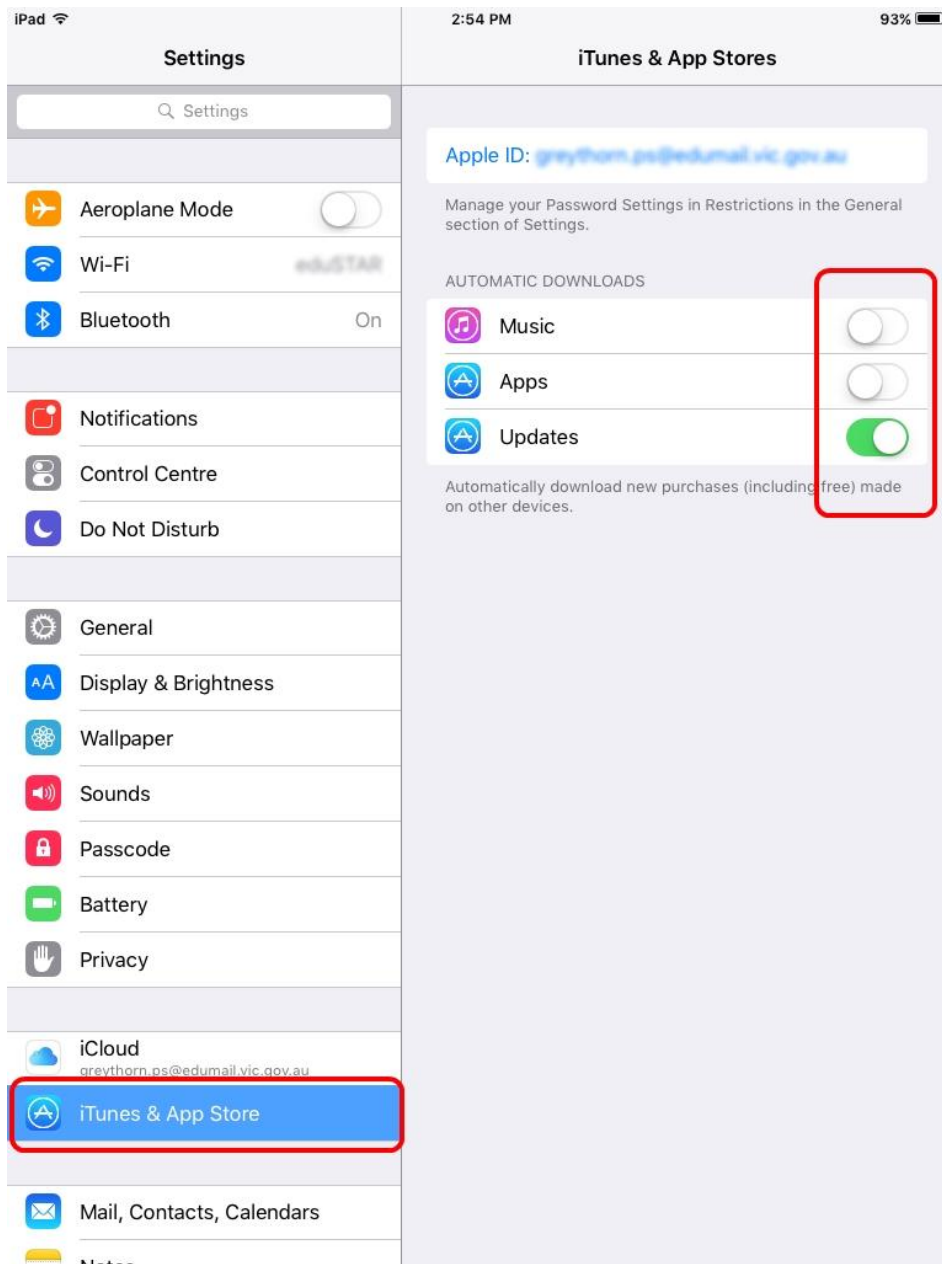

- ALLOW:** Safari (On), Camera (On), FaceTime (Off), iTunes Store (Off), Apple Music Connect (Off), iBooks Store (Off), Podcasts (Off), News (Off), Installing Apps (On), Deleting Apps (Off), In-App Purchases (Off).
- ALLOWED CONTENT:** Ratings For (Australia), Music, Podcasts & News (Clean), Movies (G), TV Shows (None), Books (Restricted), Apps (9+).
- Websites:** Restricted.
- ALLOWED WEBSITES:** Limit Adult Content (checked).

Step 5/

Enabling Automatic IOS Updates

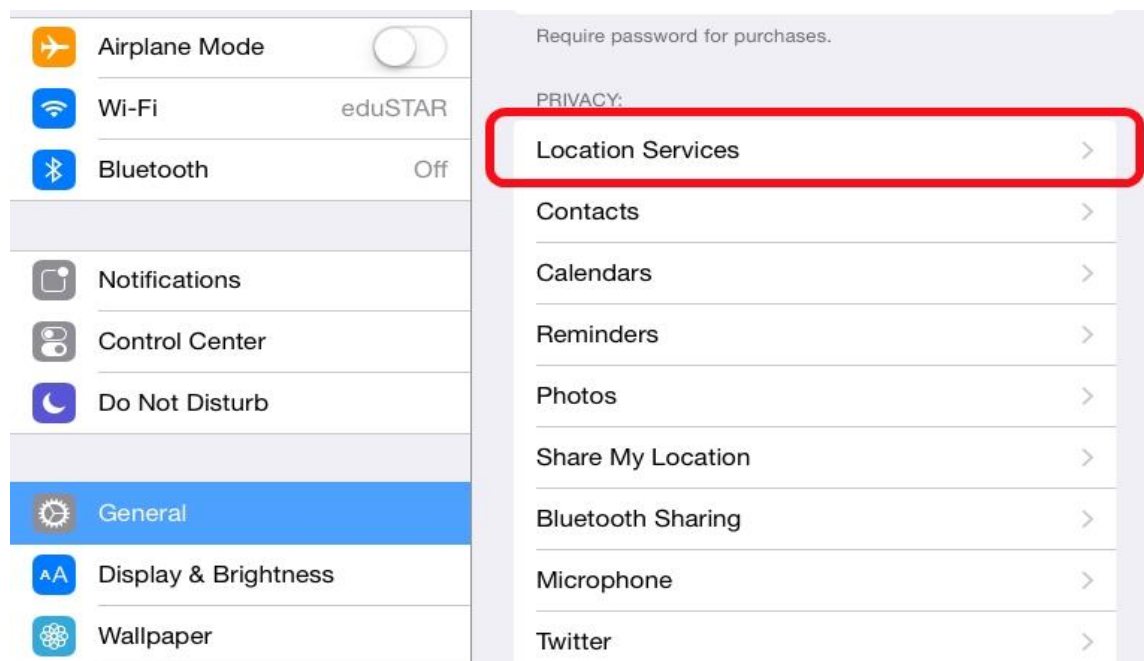

Greythorn Primary School 2016 iPad Program

Step 6/

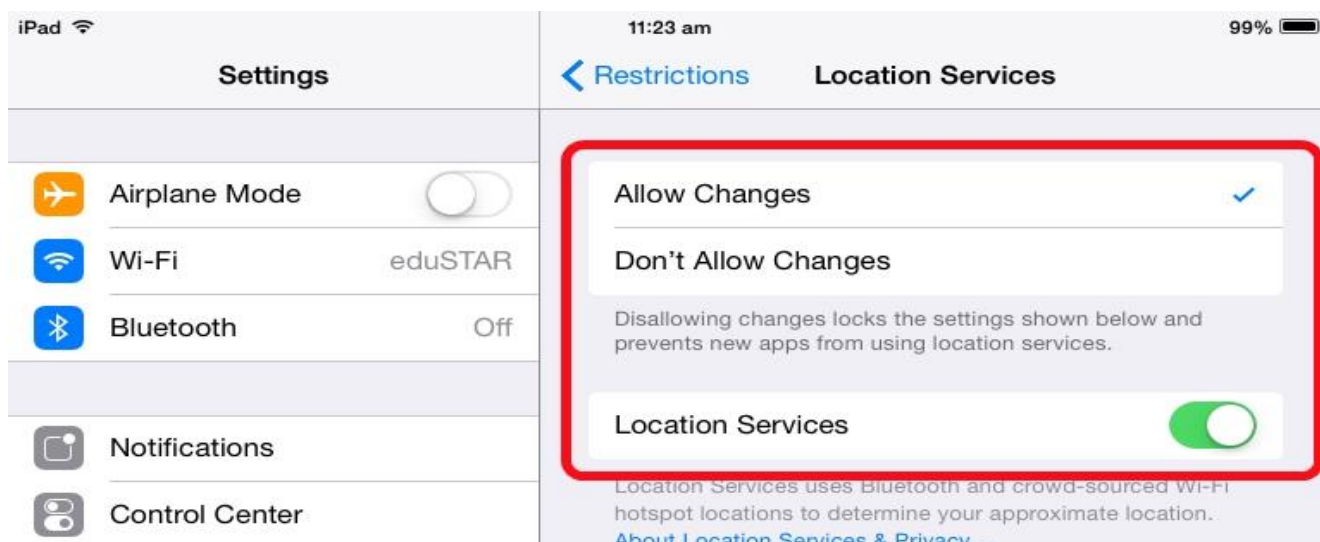

Enabling Location Services

Location Services is required to be enabled in order for Apps such as Aurasma to function correctly.

Locate these settings by tapping **Settings > General > Restrictions > Location Services** as follows:

Then enable Location Services as follows:

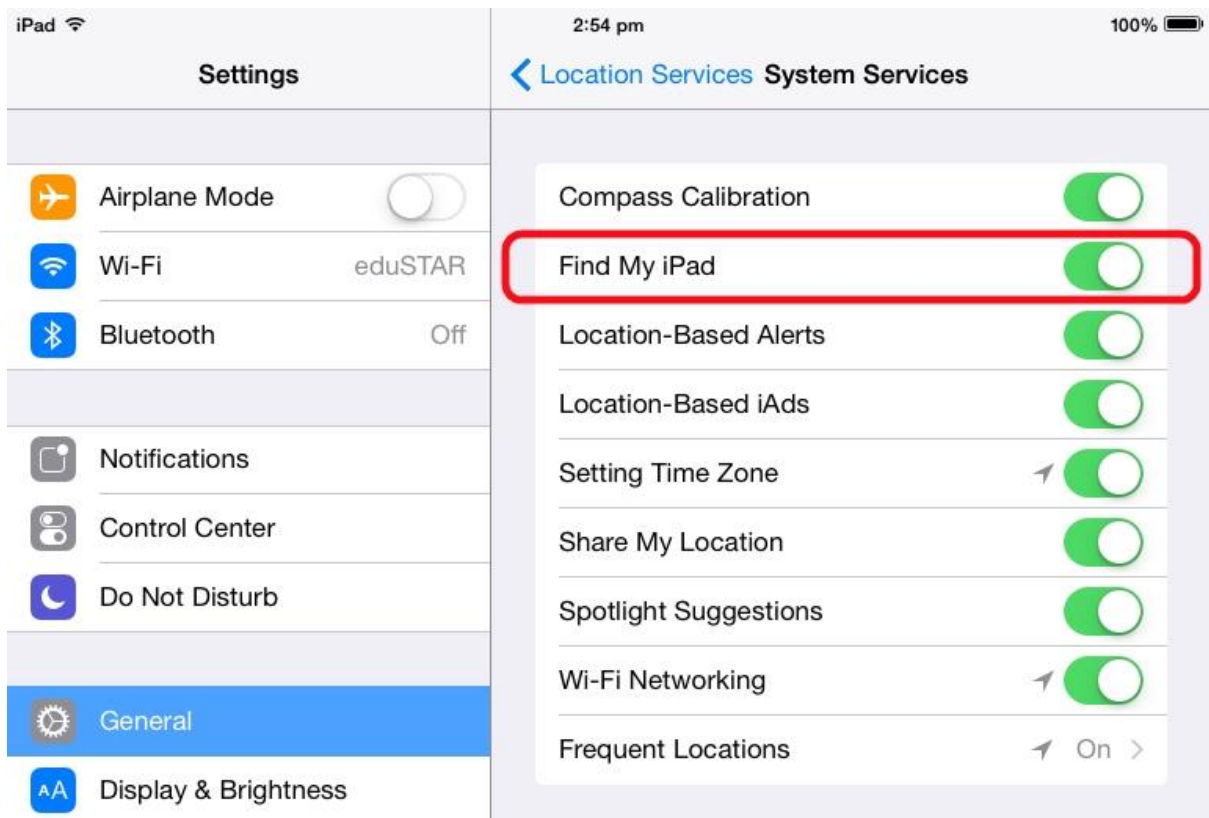

Greythorn Primary School 2016 iPad Program

Step 7/

Enabling Find My iPad

It is recommended that you enable the “Find My iPad” feature which may be utilized in the event of loss.

Locate these settings by tapping **Settings > General > Restrictions > Location Services > System Services** as follows:
