

# Lawn Bowls

At the beginning of the term 1 senior school students were asked if they would like the opportunity to participate in lawn bowls. 20 of us were quick to sign up! We were all new to lawn bowls but after Paul, the instructor, came to Greythorn Primary, we built up our knowledge, skills, confidence and techniques in this unique sport.

Recently, we went to the [North Balwyn Bowls Club](#) with Ms Nitsos. We met Paul there and the president Bill. This time we were able to practice our skills on a real green. We played a number of interesting games.

This experience has been a new challenge for us all. Lawn bowls is a great way to new people and it has encouraged us to play in the future. We would definitely recommend this sport to anyone who would like to try something different.
