It's Time to Vote!

The students of Greythorn Primary School need your help

Since being built in the 1950's, Greythorn Primary School has received minimal funding for our outdoor sporting spaces. The grounds are now in a desperate state of disrepair and not conducive to the outdoor needs of young children.

Our school has submitted an application for a State Government Pick My Project Grant. Now we need your help to ensure our project gets picked!

Your vote could help build a sports pitch with artificial turf that would be used for play, P.E. and other community activities. This area could also serve as the 'backyard' for many families living in our community, fostering a sense of community and belonging.

Every vote is important and could help **create an amazing recreational space for our students and the community. Please get your friends and neighbours involved.**

Step 1: Visit pickmyproject.vic.gov.au

Step 2: Register an account

Step 3: Enter your location (address) to view the Greythorn Primary project.

Note: Our project will only be visible to locations within 5km of the school.

Step 4: Choose our project and 2 other projects to shortlist.

Step 5: Finalise your choices and vote.

Hurry! Voting opens 9:00 am on Monday 13 August 2018
