Welcome to Term 3!

Our inquiry topic for this term is ‘Get Healthy, Get Active!’ The students will understand how good food and exercise choices contribute to an active and healthy life. In particular, food provides different nutrients for different bodily functions. Regular exercise is essential to the development of the body. Students will gain an understanding of food production and where different foods come from. They will learn the importance of oral health, skin and sun protection, personal hygiene and sleep patterns.

This term will be full of exciting happenings:

- On Tuesday 29th July, we will be celebrating 100 days of school. We have been keeping a tally in the classroom and the students are getting excited as we get closer to 100.
- Life Education Van will arrive in July and each class will have one session with follow up lessons by the class teacher.
- Prep social lunches will commence where students will be visiting other Prep rooms once a fortnight for lunch. This is an opportunity for the Preps to get to know each other and make new friends.
- The students will continue with Show and Share and later in the term we will introduce a ‘Mystery Box’ presentation.
- We will be rehearsing for our whole school concert which is planned for Term 4. There will be more information in the coming weeks—stay tuned!
- In weeks 9 & 10 the students will participate our 9 day swimming program at Aquarena.
- Once again parents will be assisting with our Early Year Literacy program commencing in Week 2 and concluding in Week 8. We will also have parent assistance with our Early Years Numeracy program in Weeks 3, 6 and 9.
- Footy fun day later in August is also a big highlight with a parade and footy lunch.
- We will continue with our buddy program with fun activities planned and lunches together.

Kidblog will be launched in Term 3 with blogs from each of the Prep classrooms. This will be a good opportunity to share with your child what has been happening at school!
