

WALA: The Spirit of Ghana

Recently, Greythorn Primary had the marvellous privilege to listen to an African drumming group from Ghana, called WALA, which translates as 'Life'. This particular drumming group consisted of three members, each with their own unique drumming style. The entertaining performance had us doing everything from improvising music to joining a giant conga line and letting loose some wild African dance moves! We thoroughly enjoyed this amazing performance, and we're sure everyone else did too! A huge thank you to the three members of WALA, whom we shall never forget.
