

The Guardian of the Garden

April 3, 2023. The year 4 gardening group completed our scarecrow and placed her into the vegie garden. Last week we collated her wardrobe during all of our wet day recess and lunchtimes. We made a necklace out of broadbeans and hairties with pumpkin kernals. The gumboots have strawberries planted in them which will hopefully eventually cascade out of them and cover them up. Her hair has been platted with lucerne.
